Dee -

Well, this lousy, terribly, awful year is almost over!! No more of ~~I~~ Mr. Simmons and his ~~—~~ tests. Thank Heavens!! I hate this place so much!!

I'll be sure to write while we're gone and keep you posted on the latest happenings!! Be good and I'll see you next year — (I hope)

Ann '64

Deedee,

We've had a pretty rank time in that church nursery. I hope I don't have to face Mrs Barr next year! I think I'm going to become a Christian Scientist or something rank like that! Methodism is too doctrinated. Remember all those sick movies ~~I've~~ saw! Next year promises everything from ~~—~~ to high water, with everyone driving and everything! You'll have to establish a bombing speed record for going up Spring V. Hill! Work hard to make something good out of this summer.

Happy fruiting around. Love ya! Dee '63

Alexis I. duPont

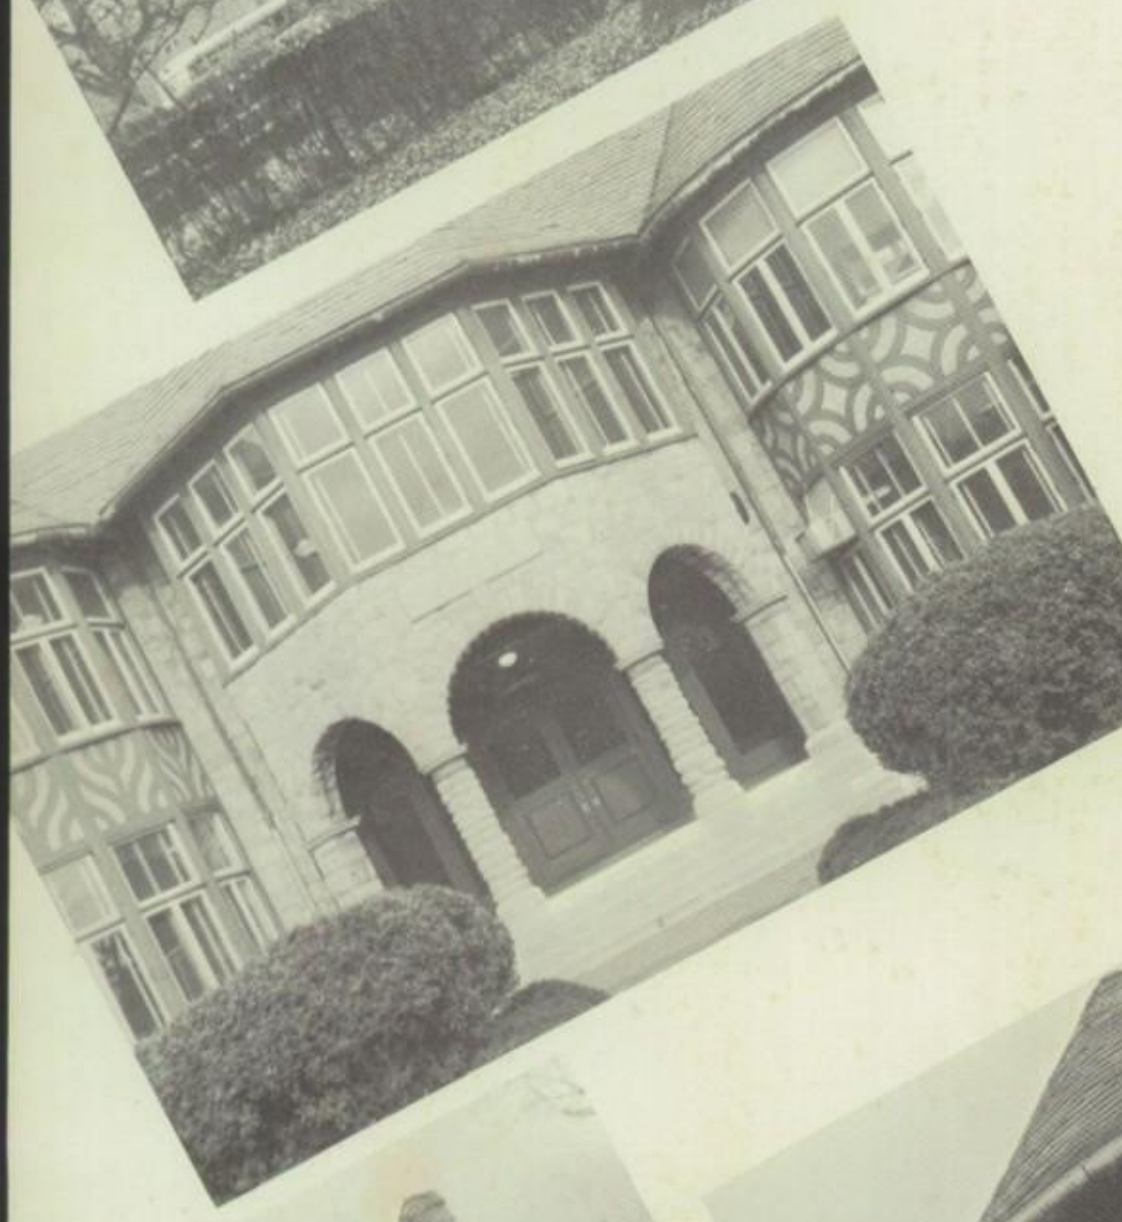
Wilmington, Deloware



Fore

We, the members of the yearbook staff, present to you the Alexis-1961. The hours spent in its production were long and at times weary. If, however, this book is successful in bringing back memories, then they will be well-spent hours.

This year the Alexis has a "new look." It now belongs to the student body and records the activities of all of us at Alexis I.

The

word

The real purpose of the Alexis will not be accomplished at its first perusal. Nor will it give its real benefits as your classmates sign their names in its pages. But in years, to come, when you leaf through its pages and tour your past, then will you see its real purpose.

If, when you are reading this book many years from the date stamped on the cover, we hope your excursion through time will be an enjoyable one.

Staff

Many of the oldsters over the years have revealed to me some of their high school memories, and in many cases those which they seemed to hold in high esteem were the ones which could be termed "poor citizenship."

It is most gratifying to listen to our present-day seniors and hear them discussing those values which give them the most satisfactions. These fall into the categories of leadership, scholastic achievement, good citizenship, and really wholesome fun. Student bodies which, on the whole, are interested in these worthy values make our position as teachers most thrilling. Certainly, the world needs people with seriousness of purpose, and if you maintain these memories one can hold high hopes for the future.

Administration

No matter what our goal nor the age in which we live each of us needs to develop a creed, a set of basic principles for our conduct. The beautiful simplicity of Howard Arnold Walters' "My Creed" makes it as timely for the class of '61 for the age in which it was written.

"I would be true, for there are
those who trust me;
I would be pure, for there are
those who care;
I would be strong, for there is
much to suffer;
I would be brave for there is
much to dare;
I would be friend of all--the
poor--the friendless;
I would be giving and forget
the gift.
I would be humble, for I know
my weakness.
I would look up--and laugh--
and love--and lift."

Dedication

With the increasing emphasis being placed on excellence in education, it is difficult to choose any phase of primary importance. Each subject has its own place in the picture of scholarship and each is a key to the use of others. Mathematics is a prerequisite to study of science, and languages are necessary for expression of scientific ideas.

We, therefore, the staff of the Alexis, in appreciation of our exceptional educational advantages, dedicate this book to you, the teachers of our school. You have been our moral and mental guides, and have made us the citizens we are.

Here's Miss Benzing! She belongs here among the first pages of our book because she is our key to success at A.I. From seventh grade to senior year, she makes herself available to help us in choosing courses, jobs and colleges according to our capabilities as revealed by the testing program and class performance. To supplement individual guidance, Miss Benzing directs teachers in counseling small groups. We are indeed fortunate to have her knowledge and skill to direct our efforts.

These women are the face of the school since they help form outsiders' first opinion of A.I. We who have become acquainted with them know how helpful they can be when we are trying to locate students or teachers or when we need to make an emergency call for a forgotten gym suit or uniform. The little things they do for us over and over again add up to a great big "thank-you."

A. F. S. Exchange Students

Saeeda and Ulf, our wonderful American Field Service Exchange Students, were sponsored by the Parent Teachers Association. All must agree that their distinctive personalities have helped to make 1961 an exciting year. Pakistan and Germany's gain will surely be our loss.

Before school started in September, I was eager and afraid to step inside the school building, because I did not know if the students would accept me well or not. Soon, however, my fears were dispelled when I saw friendly faces all around me. Up to this day, I have not regretted going to Alexis I. duPont and I know I never shall. I shall remember always the friendly and wonderful student body and faculty who made it possible for me to be here now. I have many wonderful memories and impressions of America to relate to my own people and I shall never tire of doing so.

I hope the exchange students who come to A.I. next year will grow to love the American people and this school as I have and also hate to leave it at the end of the year.

"Living in a strange country among strange people must have been confusing at first". . . I still remember very well this sentence of the article about us foreign exchange students in the September "Wind Up." Indeed, it was confusing at the beginning, but now I know that this confusion was only the beginning of a new understanding.

With every day I lived in this wonderful country, with every day I attended Alexis I., with every day I stayed with my family here in America I realized that the United States was far more than I thought it would be; It is more than merely the "land of superlatives," that the "American Way of Life" involves far more than just a "high living standard, chewing gum, and crew cuts." That it is here tremendous spirit of democracy that makes the United States great; and that it is here people's powerful will to stay behind these democratic principles that makes her look ahead into her future with strength and self-confidence.

I want to thank most heartily Mrs. Benthall and Dr. Howie for the great opportunity they gave me to attend this marvelous school! I also would like to thank the Parent-Teacher Association.

I want to thank all my wonderful teachers, who I owe a great deal for going back to Europe with a lot more understanding about this country and its people!

And I thank you all, my "wonderbaren" schoolmates, for your marvelous school spirit, a spirit that let me become in a very short time one of you, and that made your school mine too; you made A. I. unforgettable to me!

Let us continue the friendships we made, let us continue to strengthen the new bands reaching from America to Asia, to Europe, let us continue our striving for peace and understanding among the countries and the people of the world!

Dagmar Streng and Jeff Taylor model the newest creations in crew-neck sweaters.

Not only does this sharp-looking sweater keep Gordon Burris warm but, man, it's cool!

"Don't anyone step on my contact lens!" pleads Bonnie Bonner as Dee Staley adjusts hers.

1961 ushered in a parade of miniature cars, popping contact lenses, and flashy crew neck sweaters. Now 1961 approaches its end, but here are some of the things we will remember . . .

Lee Hoehn demonstrates his agility of putting on his contacts.

FASHIONS AND FADS

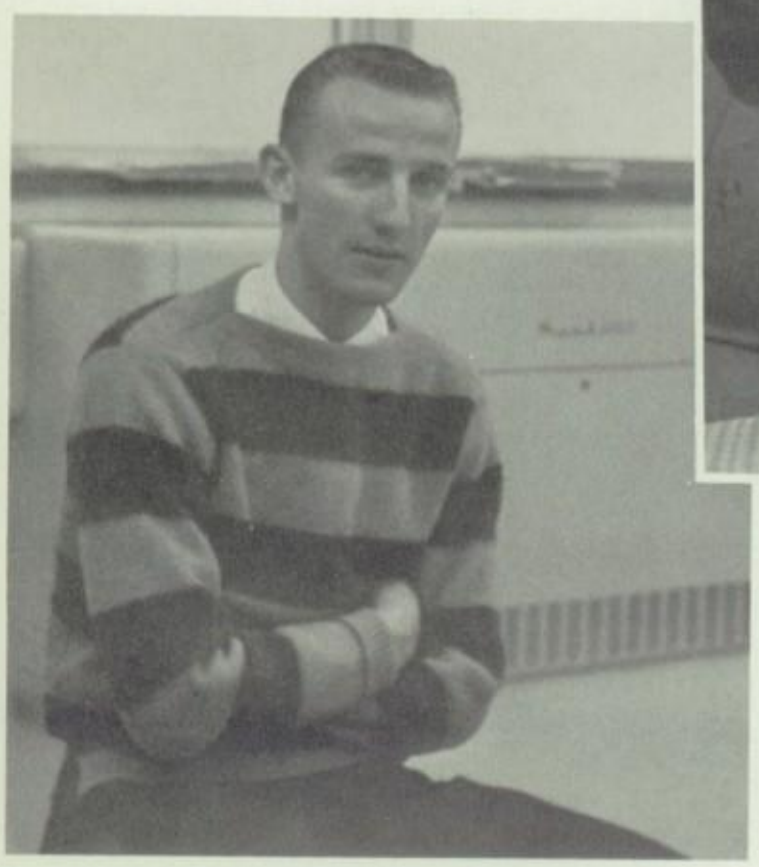
One of these nine boys is supposed to be the driver of this miniature sports car. Can you tell who is doing the driving?

Crowded telephone booths have nothing over John Schuyler's and Marsha Richards' VW's.

Dee Staley's Corvair also joins the morning caravan to school.

John Hatcher's left eye wants to make certain that the right contact is being put in properly.

Mr. Zippe towers above his MG.



Miss Kuhn discarded her glasses for contacts also.

. . . and so will the teachers; they were part of it too!

Mr. Wickes livens his practice sessions with his loud sweaters.

Miss Bonner's Mercedes any day of the year.

Miss Benzing feels that her Triumph can overtake

Mr. Boyer joined the ranks of compact-car owners when he bought his Fiat.

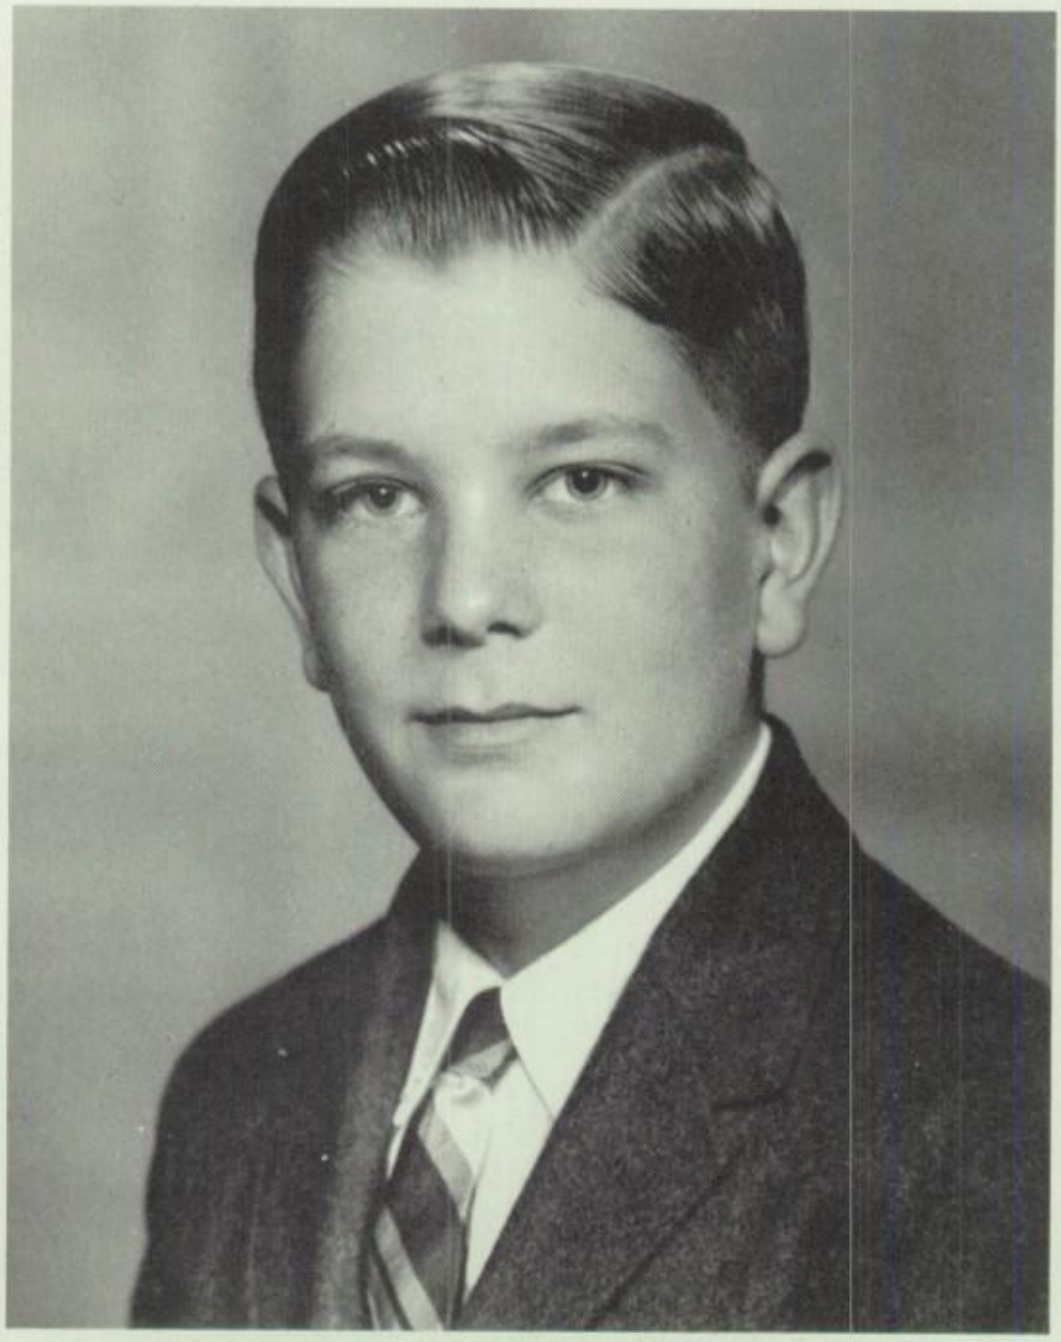
In Memoriam



Robert Humphrey

Death takes me from my earthly plight
To crown my head in Heaven's light,
Yet leaves with those whom I loved best,
Passing's sorrow in their breast.

Those kept behind may weep bereft,
For empty dust is all that's left.
But I shall sing the angels' song:
Eternal rest is sweet and long.

Hard work, team spirit and desire produced an effective football team this year. The Tigers showed a great deal of vitality and drive. This enthusiasm radiated to the whole student body which reacted with a finer show of support than has been noted in recent years.

Perhaps the most memorable part of the season for the ten and sure to be missed seniors, was the series of summer practices starting August 25. Some rugged workouts and hard fought scrimmages prepared the Tigers for the first win of the season. This victory over Smyrna was the start of a good season's record of four wins and three loses.

As usual, the Thanksgiving Game was the most exciting. It was tied until the second half when suddenly Claymont broke through our lines to score. But there were no touchdowns after this. Once Claymont advanced as far as the 13th yard line, A. I. reacted with a beautiful recovery, but time ran out. Though there was no A. I. victory, Lex was proud of his fighting Tigers that day!

Hockey

If you had been in the vicinity of Friends School any time during the last week in August, 1960, you would have seen many girls on the A.I. teams, at Hockey Camp, preparing for the coming season. The spirit and enthusiasm shown there was carried through the entire season .

Under the excellent coaching of Miss Kuhn, the varsity team chalked up its second consecutive undefeated season. The team was under constant pressure since every team was out to get them. In several games the team came from behind to win!

The seven graduating Seniors will be missed next year. They are: co-captains Sue Morrison, center--forward, and Marsha Richards, right halfback; Dee Staley, center halfback; Joann Hall, right wing; Peggy Cairns, left fullback, Lillian Thomas, goalie, and Janet Hoopes, right wing.

Many of them plan to play hockey in college. However, the Junior Varsity Team shows great promise of providing winning teams in the future. They came through with an impressive record of 6 wins, 1 tie, and 1 loss. Hats off to the Hockey Teams!

Talent and Perspiration plus TEAM-WORK= Our Successful Basketball Team. Those who attended the girls' games can appreciate the emphasis on teamwork, for of all the team's qualities this was the most impressive. Unlike many basketball teams, all the members were flexible and no one person was the higher scorer.

Teamwork is what saved the day in the hard-fought Mt. Pleasant game. And it's what made those six smiling senior Blue Birds such hilarious cheerleaders!

Junior Varsity Team

The J.V. Team, predominantly freshman girls, has shown real promise. Although they lost their first game, they improved tremendously as the season progressed. With such a nucleus for a fine team, the girls' record should not suffer next year.

Junior High Team

Our junior high school is beginning early to form a fine athletic group. Its girls, under Miss Bonner's direction, practiced hard this year for their few games. Signs point toward a gain of good material by the senior high school. We will see how experience counts in team activities.

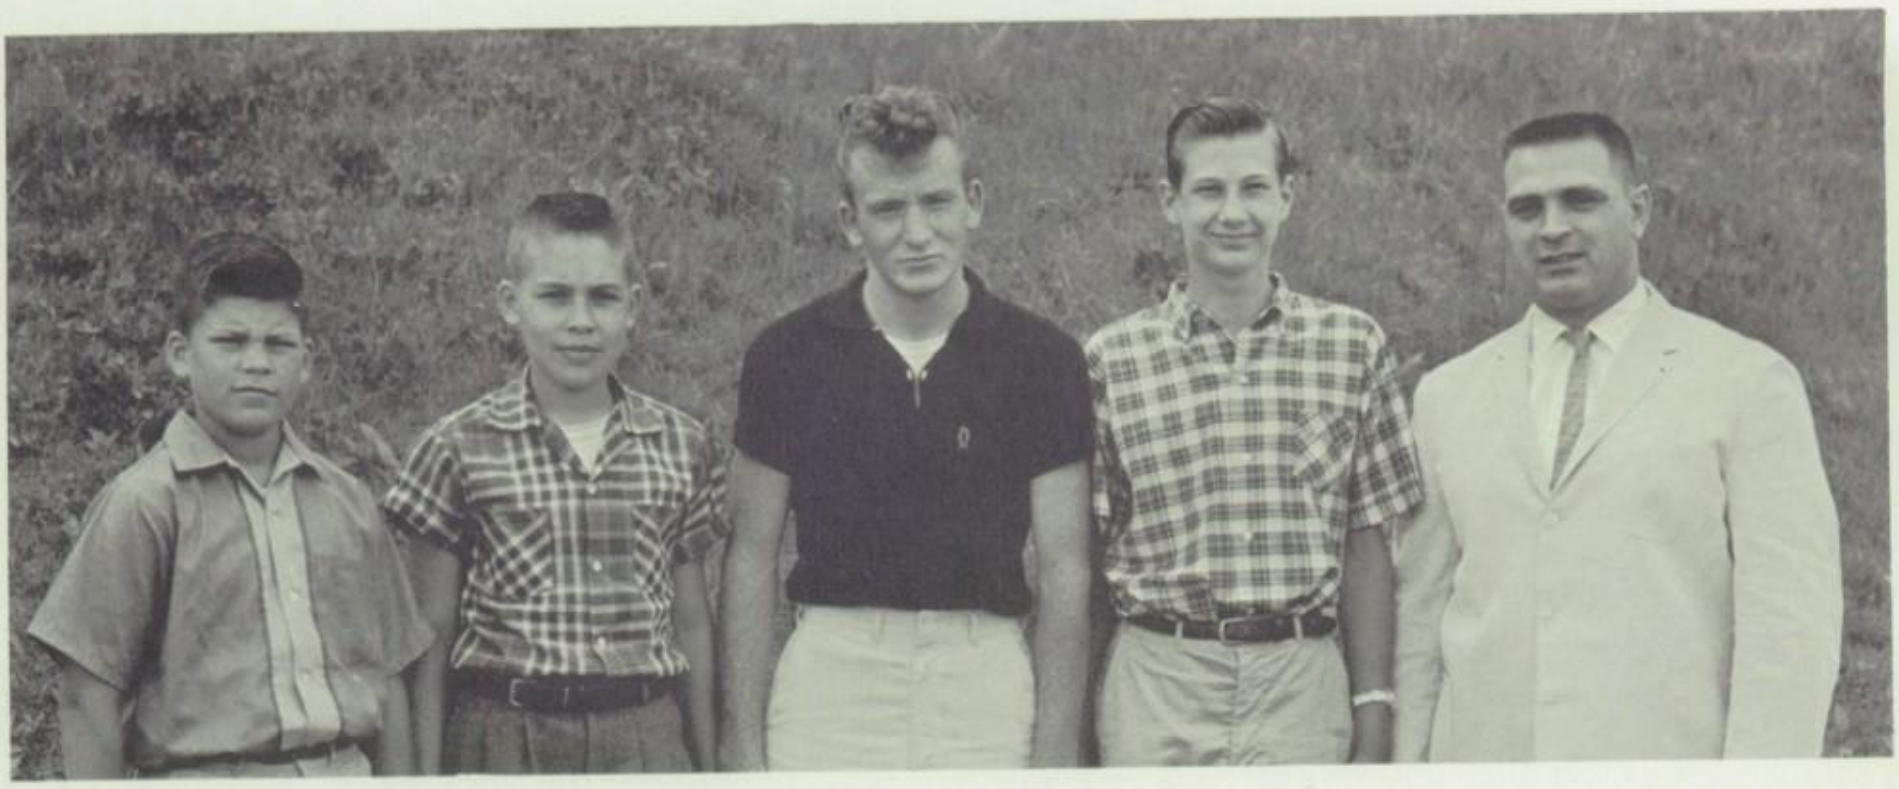
F. F. A. Basketball Team

Here's a new twist, a fine basketball team with no one to play. Most of the Delaware F.F.A. students can't find a place to practice and the Pennsylvania boys already have a full schedule. Other than their first game with the famous Alumni team, the boys played mainly local teams like the one a senior, Kenny Hopkins, organized. Three cheers for trying anyhow.

Golf and Wrestling Teams

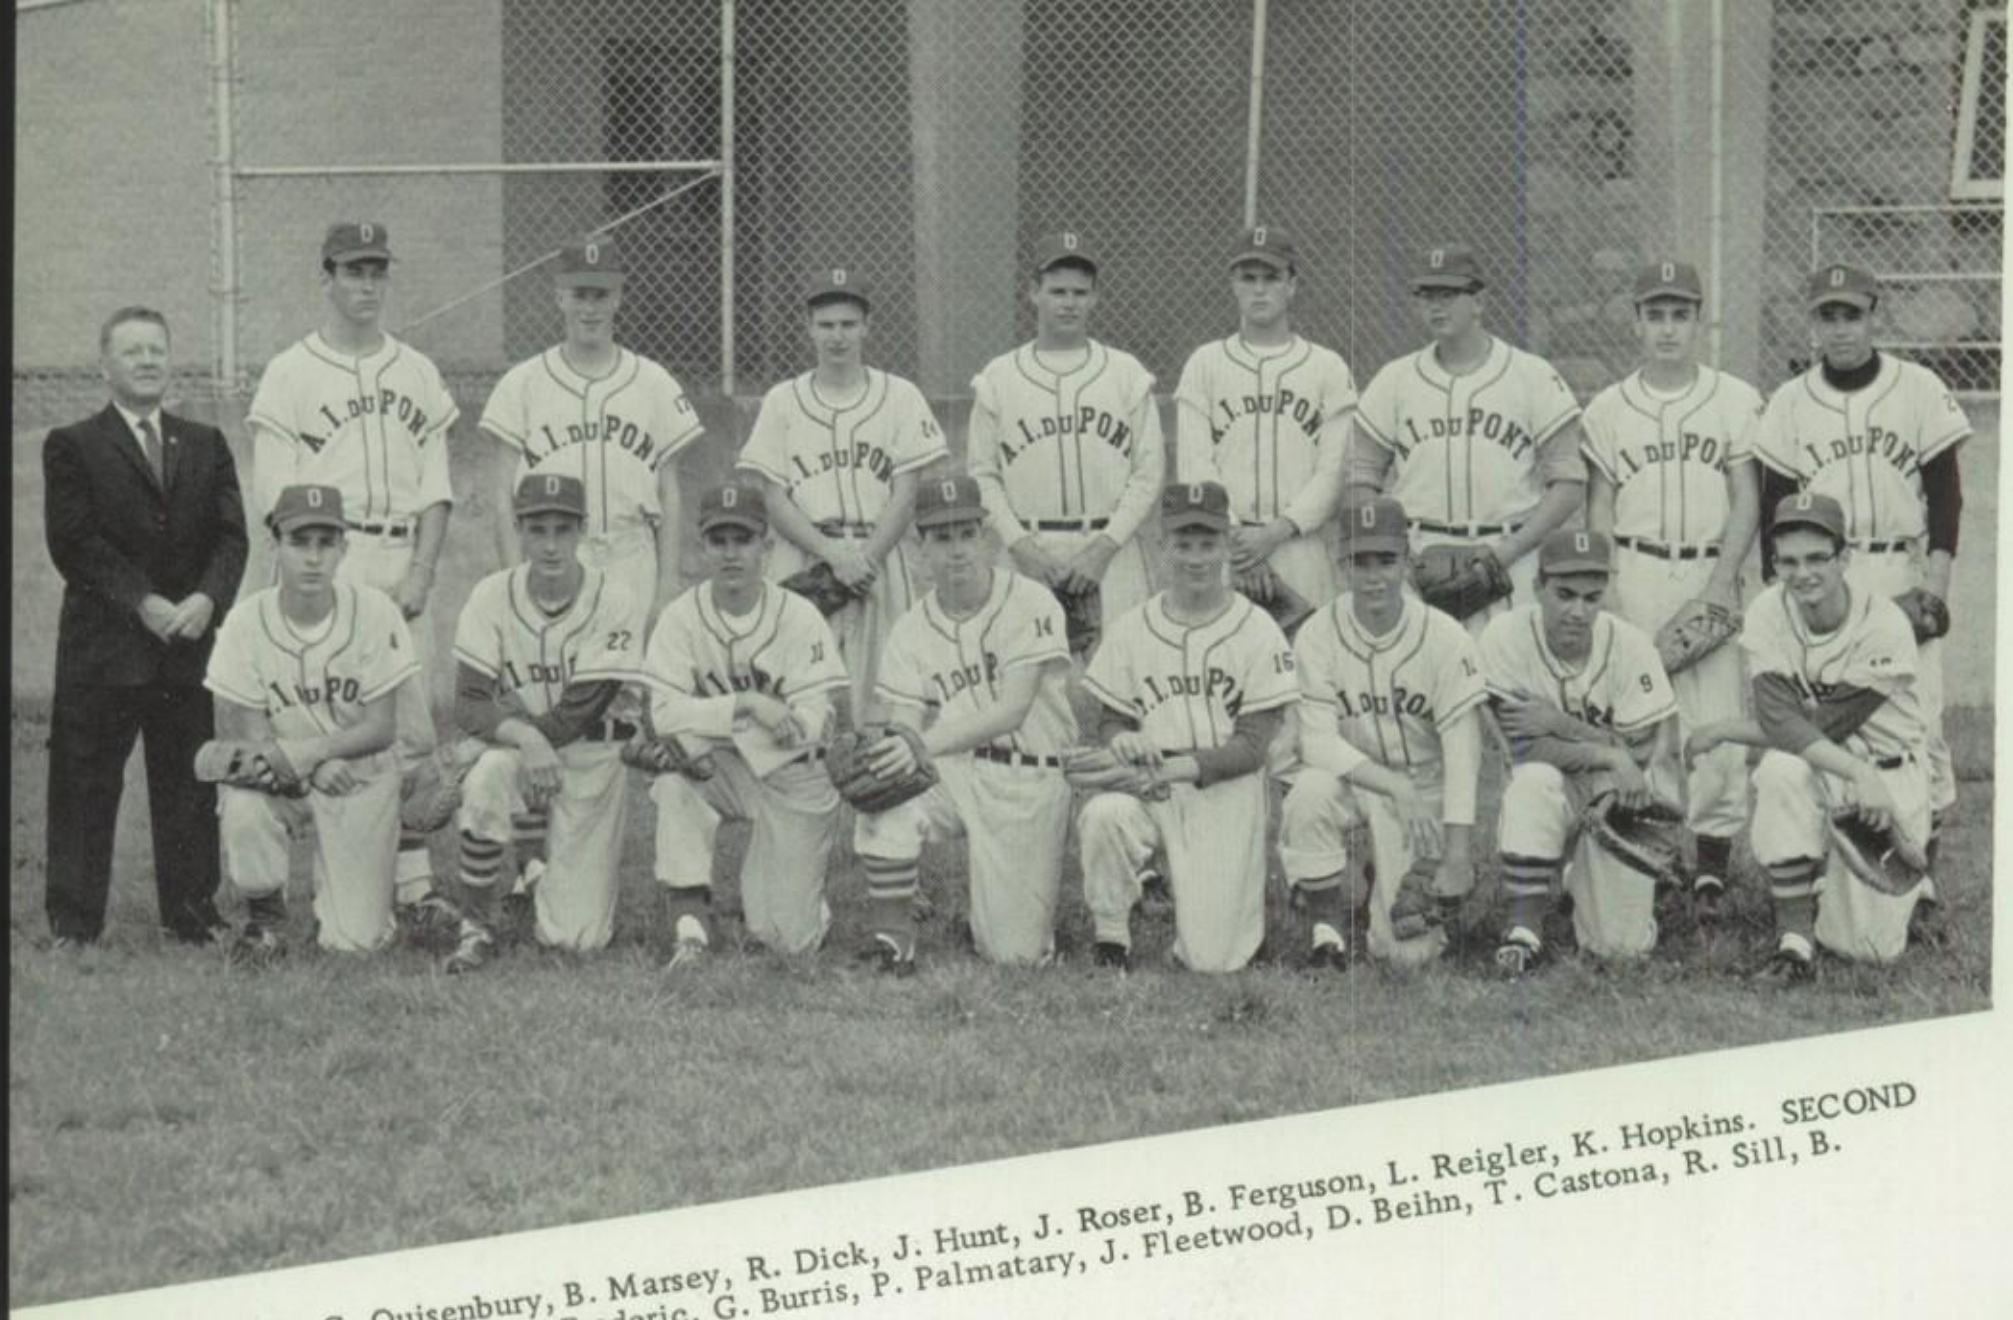


FIRST ROW: J. Chandler, J. Dunlap, J. Ryan, R. Ratcliff, Mr. Sierer, coach.

These team members are enthusiastic about an individual sport, golf. The group spends its afternoons playing at the Rock Manor Course and competing with other schools. What an opportunity for future Sam Sneads.

FIRST ROW: Mr. Sierer, Coach, J. Schuyler, F. Baker, R. Beck, B. MacDonald. SECOND ROW: S. Springer, K. Schaefer, L. Nelson, B. Gregg, J. Dobbs, P. Storm, R. Chatfield. THIRD ROW: P. Hessler, J. Feist, P. Fretz, T. Hammond, L. Dische, B. Sperati, D. Harmon.

Although this was only the second year for our wrestling team, it has come along way since its creation. Boys in all weight classes practice the rudiments of the sport, then turn their ability on formidible opponents from other schools. They are proud of their increasingly good record and so are we.



FRONT ROW: G. Quisenbury, B. Marsey, R. Dick, J. Hunt, J. Roser, B. Ferguson, L. Reigler, K. Hopkins. SECOND ROW: Mr. Magill, Coach, P. Frederic, G. Burris, P. Palmatary, J. Fleetwood, D. Beihn, T. Castona, R. Sill, B. Davis.

Varsity Baseball Team

Mr. Magill's magic combines with athletic prowess to pull a winning season out of the hat. During the spring of 1960, our team chalked up a record of nine wins with only four defeats. Those after school practices really paid off in runs.

Happily, our junior high team, which also practice daily, shows promise of keeping up with our surpassing the fine record of the varsity. Congratulations boys!

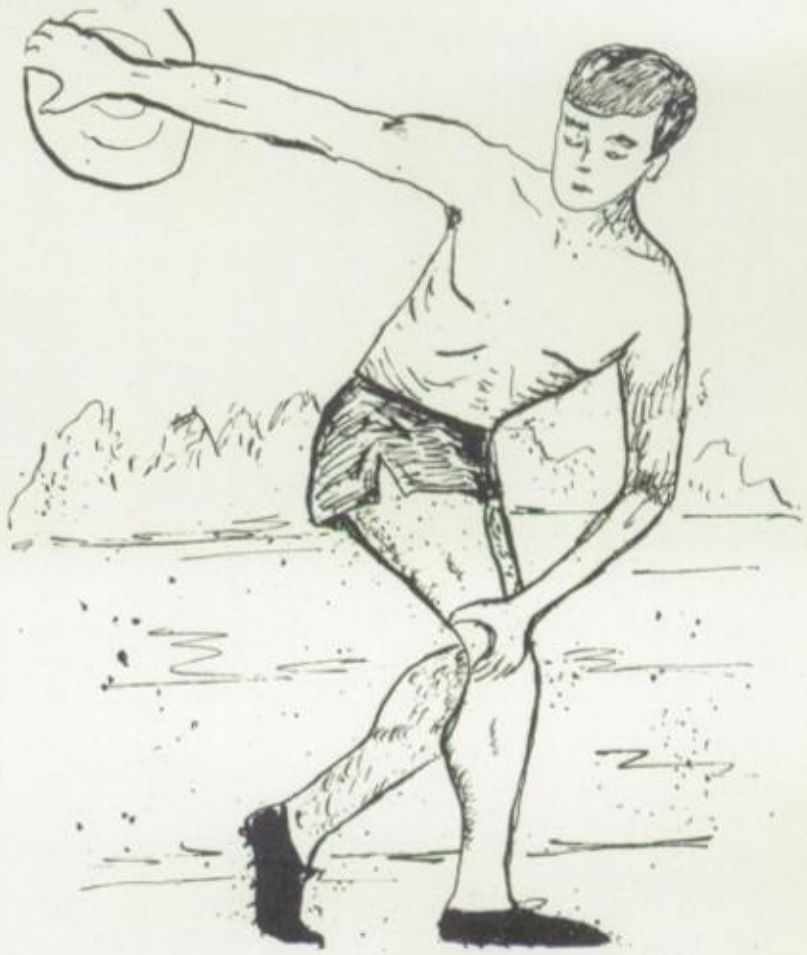
The track and field program at A. I. is now a year-round concern. When the participants aren't taking part in meets they must be exercising to keep in top shape. In the fall there are the distance or cross country meets. At the close of the season, A. I. had won 4 and lost 2.

Cross Country

Track



Indoor track meets during the winter months are becoming more and more popular at A. I. With spring the program becomes even more active. In 1960 the track events included the 100, 220, 440 yard dashes, the mile and half mile distances, and the high and low hurdles. Shot put, discus and javelin throw, the high jump, broad jump and pole vault were popular field events. A. I.'s teams participated in dual meets with local schools, in three open relays: Budgeton, Penn, and Penninsula and in the New Castle County and State track meets. Their final record for that year was 3 wins and 3 losses.

Our Student Council is an excellent example of democracy in action. This year's emphasis was on strengthening the efficiency of the home room representatives and the support of every member of the student body. To this end one of the original and far-reaching projects of the Student Council was having open meetings every other month on the new stage where teachers and students alike could voice their opinions and directly observe the Council in action. Our representatives were active outside school too.

They took an active part in area, regional and national Student Council workshops.

The Student Council would like to thank the student body and faculty for their cooperation and interest in Student Council projects.

This organization, under the guidance of Dr. Nash, is composed of members of the Junior and Senior classes who are elected by our school faculty for qualities of leadership, scholarship, character, and service. Their activities during the year were designed to promote scholastic and cultural interest. In addition to their Night of Culture and scholarships given at the end of the year, they recently established a tutorial program for those who wish such help. During the two years it has functioned the Honor Society has done much to improve our academic outlook.

With the new auditorium and improved facilities, the dramatics club was in theatrical heaven. They have had a busy year preparing for productions. Chief among these were the Night of One Act Plays and the play festival at the University of Delaware. Other club activities include individual presentation of skits during club periods and participation in the University conferences. Mr. Simmons has given A.I. a little part of Broadway.

All aspects of the theater are covered by the members who have tried their hand at directing plays, working on make-up, and the art of production. The four boys of the stage crew know the ins and outs of the back-stage world and provide the final touch to a successful play.

With a forceful do-re-mi, our a cappella choir climbs the scale of musical accomplishment. Under the direction of Mrs. Shiffert, the choir prepares special programs for various seasons of the year, climaxing its efforts with a Spring Concert. A highlight of this year was the purchase of new choir robes to spark the group's appearance to match its musical ability. Students have a part in the choirs, too. The choir council, composed of 13 seniors, governs the group, takes attendance and helps Mrs. Shiffert make important decisions. This democracy certainly produces fine results!

Varsity Cheerleaders

As one of our more famous football players has said, "The cheerleaders are quite a bunch of girls." Another calls them "swell." Certainly few of us fail to realize how much these girls spark school spirit at games. Their pep and enthusiasm lasts from game to game and do a lot to keep the whole school behind the team. The pep rallies before games, planned by the squad, are programs to remember, especially since they remind us of the appearance of our famous extra cheerleaders with their remarkable cheers. The whole group works almost as hard as the teams to make sure we have the best possible season.

Senior High Sports Club

These sports enthusiasts are so full of energy that they enjoy playing basketball, volleyball, touch-football and softball during club periods. Two teams, each with its own captain, are organized. To make the games more exciting, a scoring system was added this past year. The winners of each game are awarded five points and the losers, three points. The team captains may make trades with the opposition; these deals usually involve an exchange of points. At the end of the year, the team with the most points is declared the winner. In addition to having fun, the club works to earn money for football films and sports equipment not supplied by the athletic department.

The club charter pledges the club to promote true sportsmanship and proper school spirit.

The members, letter winners in the eighth or ninth grades, attempt to improve their own sportsmanship by participating in an interclub sports program. On trips they observe the big timers in action. Traditionally the club has contributed its services or money to worthy charities of the community.

Look out for your hats, we've got Indians at A.I. this year! On the clear activities' days, they can be seen at target practice with bows ranging in size from 25 to 51 pounds. Some of these peaceful braves have gone game hunting with their deadly weapons. In the spring everyone enjoyed an outing into the wilderness of Rockland. The group would like to see other schools go Indian so that they can have some competitive shoots.

Dance Band

After its organization last year, the dance band kept its extensive activities undercover until, October, when it made its debut at a school dance. The sound produced by this group was a real credit to its director, Mr. Wickes who has worked hard and cheerfully with the boys. They have built up their repertoire to quite an extent. We think this is a little band with a pretty good big band sound.

At a meeting place, or as it is called in Greek, The Agora, the club members learn about foreign lands and their varied cultures. They accomplish this by looking at slides, singing the songs and learning the dances of the countries. By taking field trips to areas where natives of foreign countries have settled such as Philadelphia, the members can observe foreign culture. Sounds worthwhile!

Ornithology Club

Ever tried really looking around you? The members of the Ornithology Club have discovered a new world in this way, from watching birds and listening to bird calls on trips and in their own backyard. The amateur ornithologists are making fine bird lists. It's such an inexpensive pastime, too! All one needs are a pair of binoculars, a bird book, but most of all patience.

There he goes!

Press Club

Few of us will forget the improvement in our school magazine and newspaper this year. The Press Club has spent a busy year trying new ideas and methods for producing a revolutionary student periodical. Exchange programs with other schools were of value to both sides and proved to be the start of interesting features and format. A blue ribbon goes to this group for a very fruitful season.

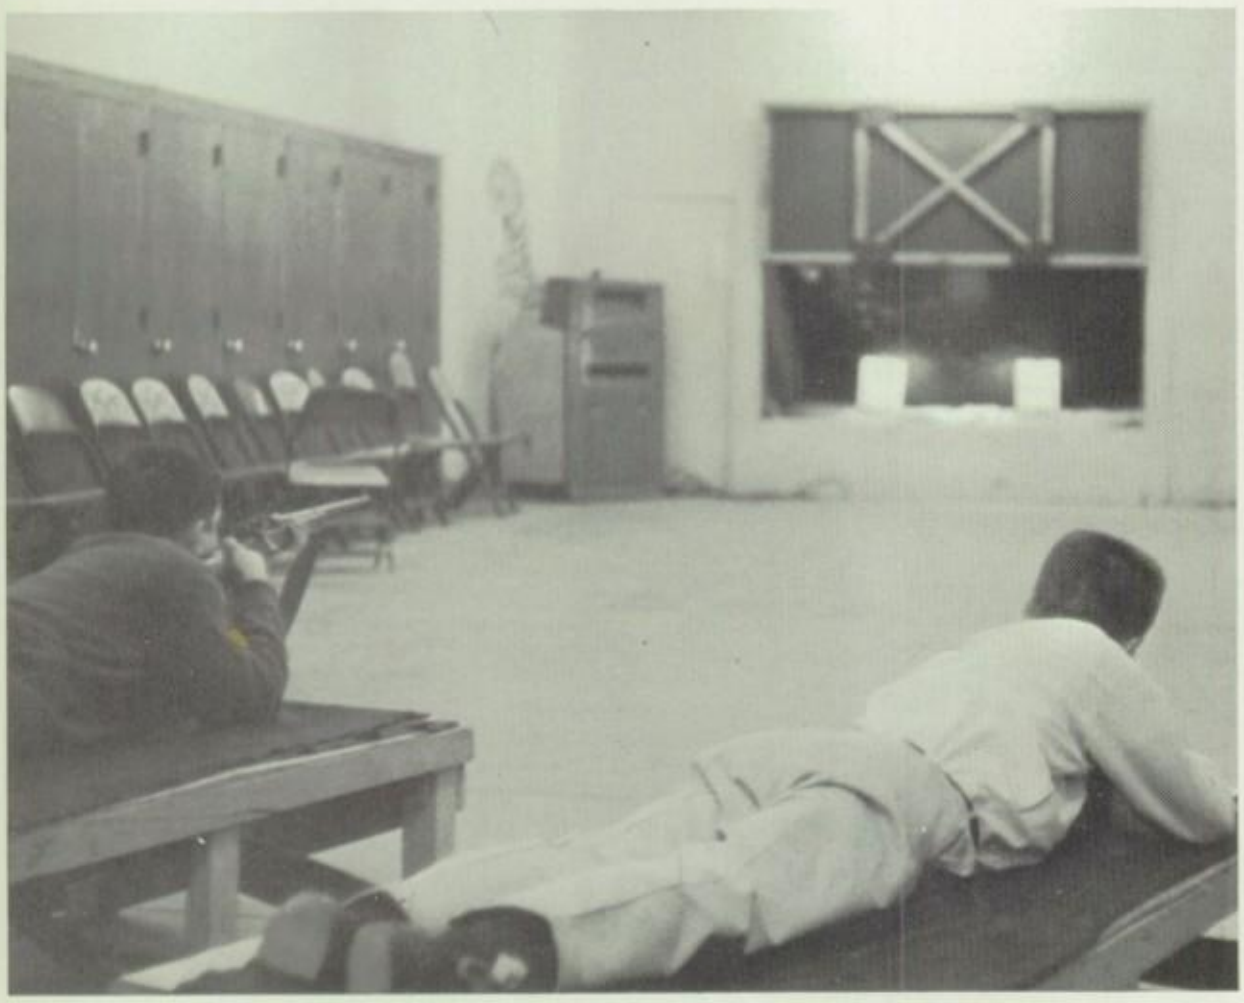
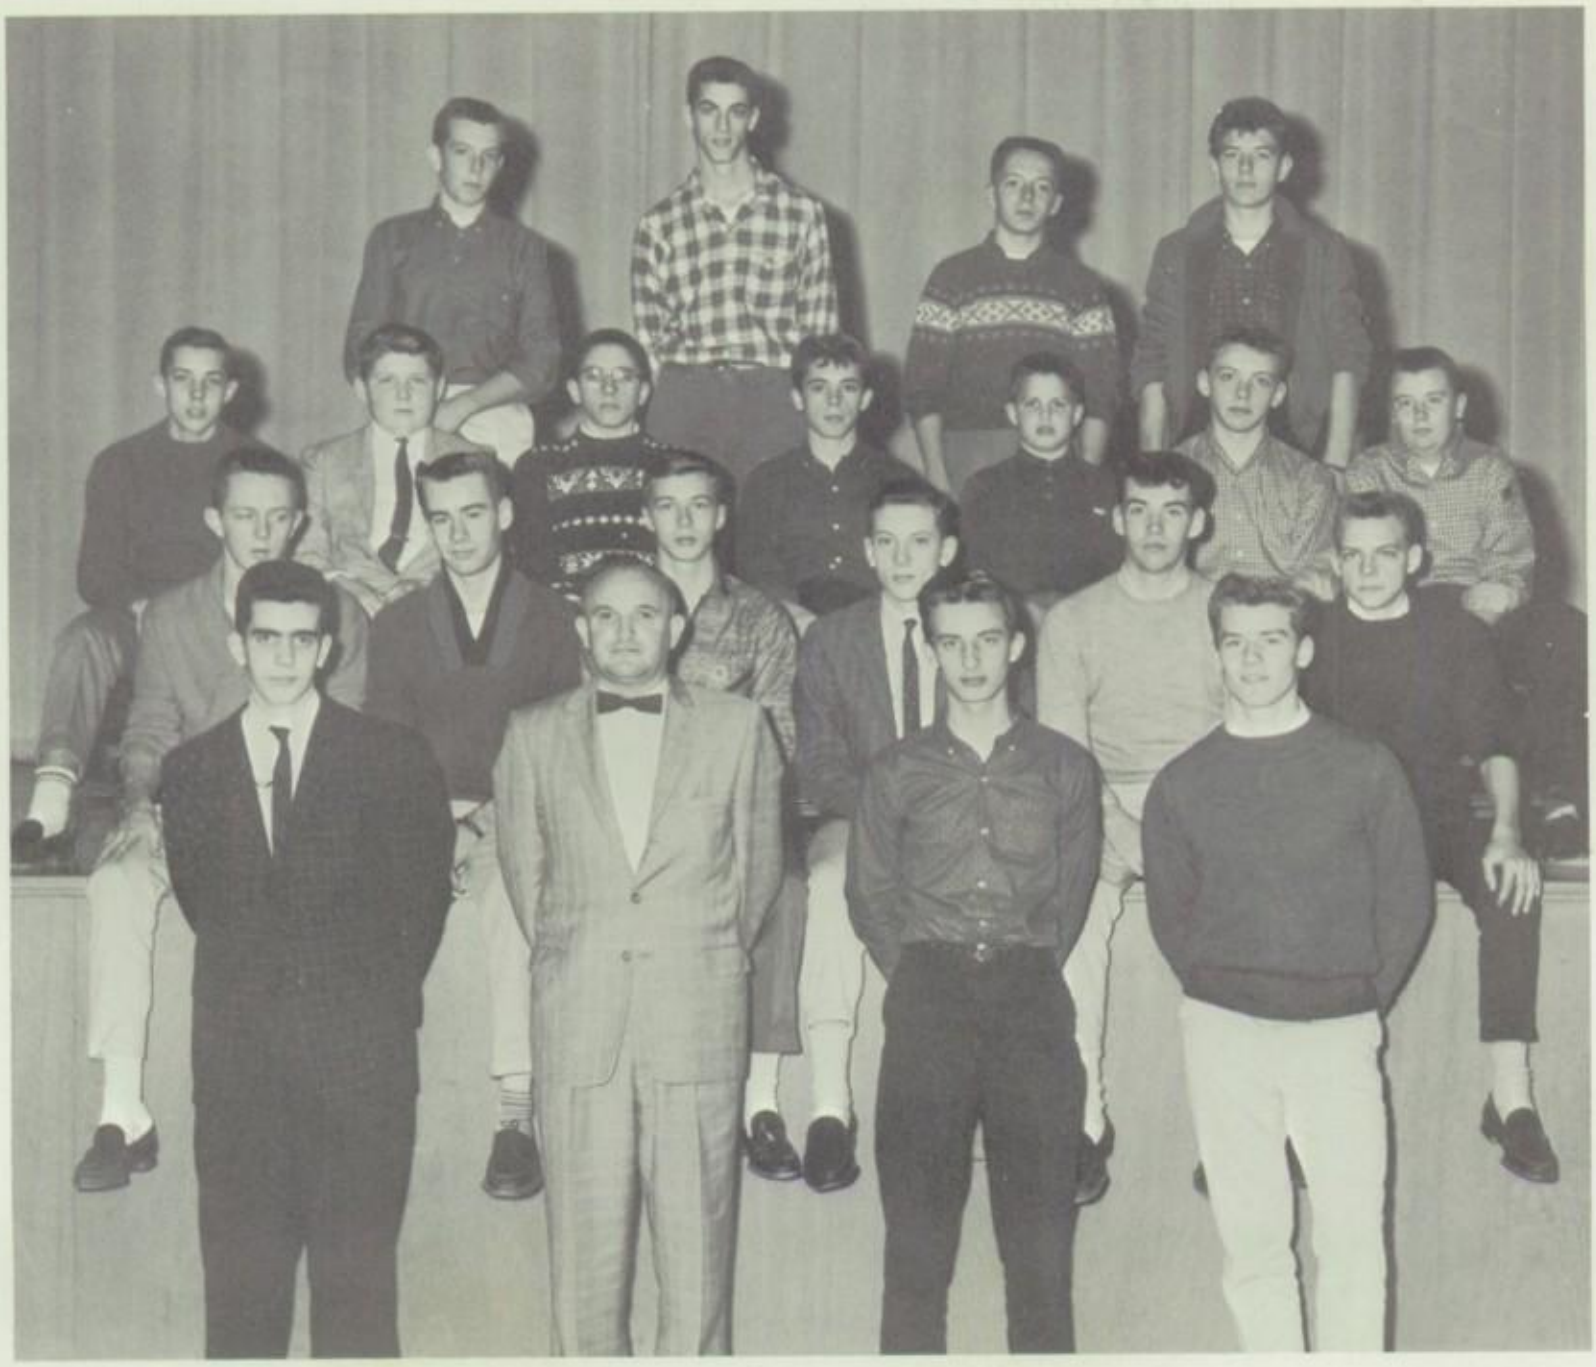
Rifle Club



We can truly say this club began many an hour with a bang! Eligible to all junior and senior boys, this club endeavors to teach principles of safe and effective shooting. Using school equipment, club members compete for ranks as specified by the National Rifle Association. Perhaps we should note that Mr. Magill keeps everyone on the right end of the gun!

TABLE TENNIS CLUB



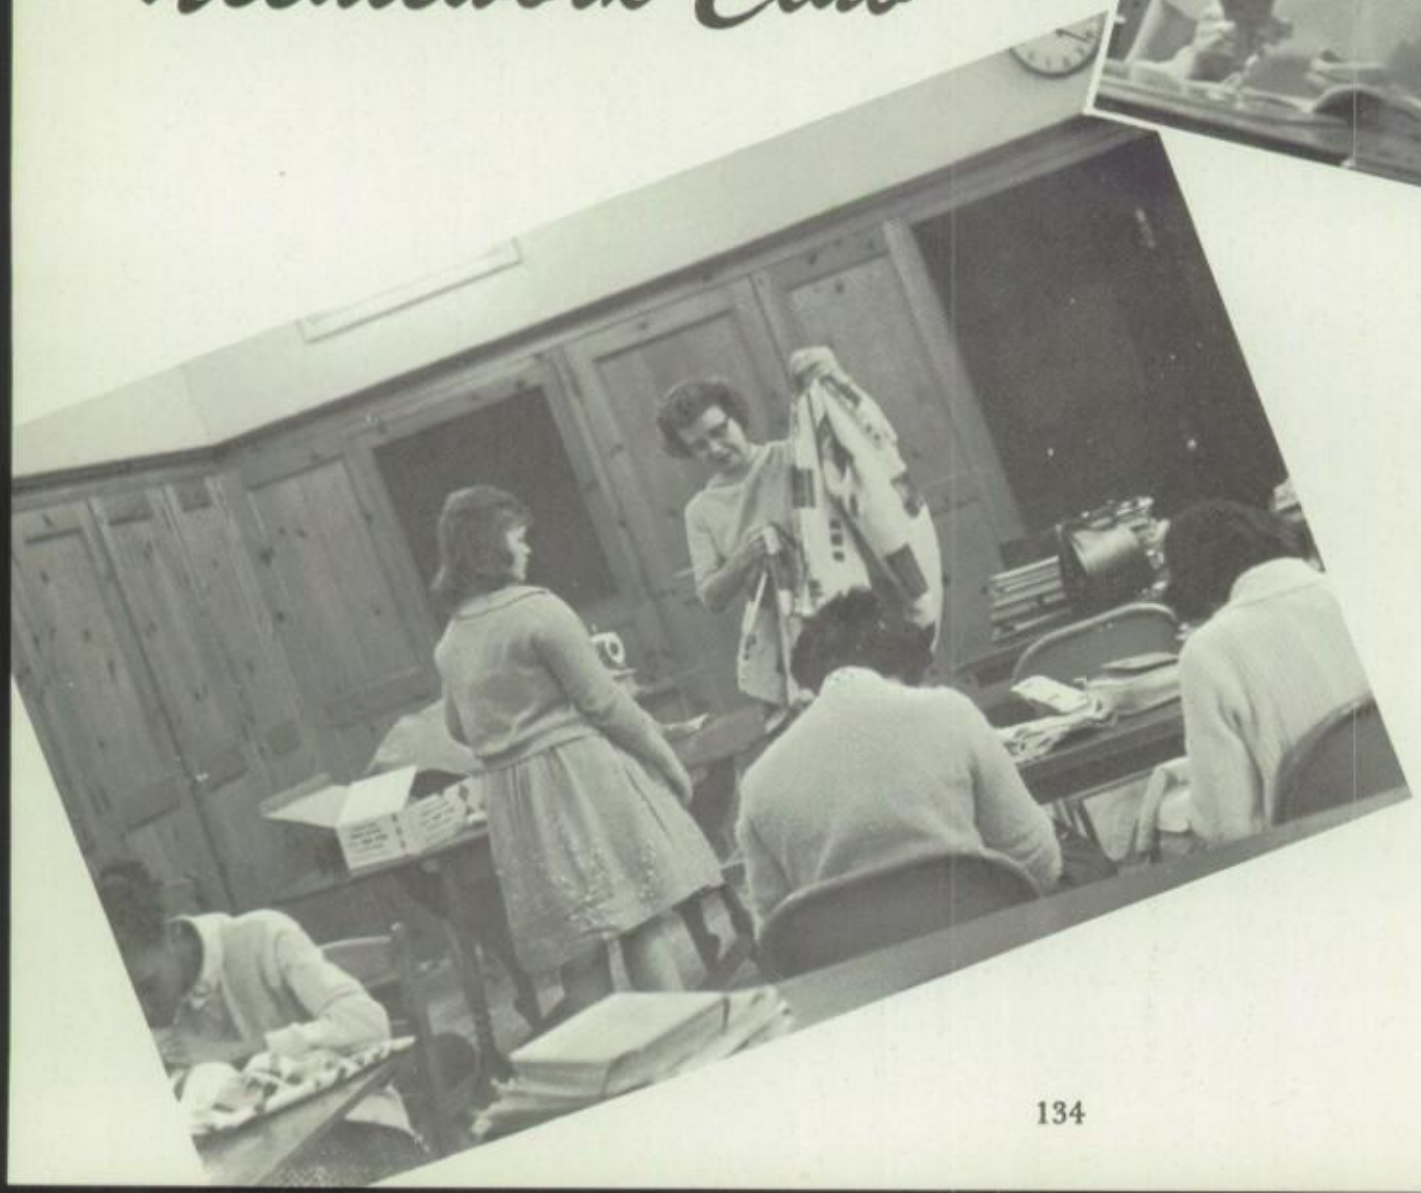
FRONT ROW: D. Reilly, Mr. Hoopes, Coach, K. Blosser, G. Contreston. SECOND ROW: M. Templeton, H. Stike, J. Allen, D. Knapp, J. Vahey, B. Tansley. THIRD ROW: C. Bichy, S. Daukus, J. Gallo, J. Hobson, C. Ingersoll, D. Barnes, C. Harris. FOURTH ROW: J. Conly, B. Baldwin, T. Cesarini, F. Wagner.

With a bounce of ping-pong balls and clatter of paddles, weekly recreation began for the table tennis club. The twenty members of this group decide by playoffs their ratings: pro or amateur, then spend time improving games and perfecting technique. They even pay for their own equipment with the dues collected. What a good way to find fun and exercise!

Down with the old and up with the new. That's what the needlework club said, and now we have new curtains. As one of their projects, the girls and Mrs. Dougherty have worked fast and furiously to make these bright new additions to our classrooms. Many thanks for the improvement, girls!

FIRST ROW: W. Campbell, J. Marston. SECOND ROW: E. Lewis, Mrs. Dougherty, Adviser, E. Hall, L. Florick.

Needlework Club



For those interested in agriculture, A.I. has long had a fine Future Farmers of America program. This year, each of the 18 members contributed to the club's annual poultry project in addition to pursuing individual interests. They learned to apply laws of agriculture and good financial procedure through projects in such fields as vegetable gardening, livestock, and dairy goods. These projects, when displayed, won many honors for the group and the school. We are all proud of tomorrow's farmers from today's A.I.

Conversational French Club

Voilà! This could be none other than the Conversational French Club. Its members spend an hour each week polishing up their pronunciation by speaking the language among themselves. Surely they would get along well in France.

Eight boys have found lots of excitement in our own backyard through the Archaeology Club. Their diggings in Pennsylvania, and also along the Brandywine have revealed Indian burial grounds, an old mill of some sort, and the ruins of what was probably one of the first white villages along the Brandywine. This, following study of maps, deeds and other documents has shown them that history can "come alive."

Archaeology Club

Here's a club displaying a mark of their interest. These shutterbugs are learning how to use their cameras while contributing to our record of school events, games and activities. Their interest extends to the possibility of sharing a school darkroom with other clubs on a limited scale.

International Club

Remember when the International Club was formed by our American exchange student? Now, after two years, the club comes closer to fulfilling its purpose of increasing the value of the A. F. S. program. Our group sponsors programs which foster closer relationships between our foreign students and their classmates and gives club members an opportunity to learn more about other countries.

9th Grade Glee Club

This talented musical group bridges the gap between the junior high and senior choirs. Formed two years ago by special requests of students, it has been an enthusiastic group. This spirit carries over into songs sung. Despite infrequent practices, this group is the musical pride of the freshman class.

7th and 8th Grade Glee Club

The song buds of tomorrow can get training today in the 7th and 8th grade Glee Club. This year's members under the direction of Mrs. Shiffert were a very welcome addition to the Christmas program. This just goes to prove that A. I. has a wealth of talent coming along.

What would teachers do without the projectionists? They are called on repeatedly to operate school audio-visual equipment in the classrooms and are learning how to work the complicated lighting system of our new auditorium. Mr. Dilworth's training really pays off!

Chess Club

Wouldn't the knights of old be surprised if they had seen A.I.'s Chess Club. Chess is a highly scientific game requiring no little amount of patience. As their skill has improved the members have become avid fans of this ancient pass-time. Just think, famous monarks have ended a pleasant afternoon with the same triumphant "check-mate."

One of the most interesting activities for juniors and seniors was the domestic exchange program. This year our group of thirty students took a fall trip to Monroe, Wisconsin, where they were entertained in the homes and community of exchange partners. The visit, lasting a week, was full of sightseeing, partying and making of new friends.

In April, the Wisconsin group returned the visit, spending time in the most interesting of Delaware's tourists spots. We were all happy to welcome these students to our school. We will all agree that the exchange program is a most pleasant way to learn about the customs and people of other areas of the United States.

In the fall, when we began working on the "Alexis," yearbook production was new to the staff and me; but before long we were old hands at laying out pages, cropping pictures, and most of all at collecting money. We decided to produce the best yearbook A.I. has ever seen. We have tried many different ideas and have made some drastic changes.

Many hours, inside and outside of school, have been devoted to this book. In the future, when it brings back memories of high school days, this time and effort will be truly appreciated. The Staff and I have done our best; the rest is up to you, the Student Body. The 1961 "Alexis" will be only what you make it.

I want to thank the teachers, the Student Body and Mr. DaVinci, our advisor, for their kind co-operation and support. This has been an exciting experience for us all.

THE END!

Dee,

Yo a nice girl (really?) who never has the Histouf either I don't, & always makes me laugh when Miss Allen calls on me. Also, on hair she's a real pain, & always get the wrong answer from her. Anyway, she's sweet (?). Even if she does talk thru her nose. Thanx for the swell time at the May Dance. Tell you for a fact I'm sorry I woke Kim up (Really!!!) And tell Mac I'm still am friendly to him & hope the verse is true. Also thanx for all future dates, & for getting me into the Satnale Crowd - the long Telephone Conversations. Have fun at camp (co-ed?).

Love + Kisses (Notice)

We could use a

Dee —

How will I ever forget this wonderful cruddy year? I don't know but I might try. I think you and I were made for each other or something cute like that. We always get about the same schedule..

Remember English. "If you two don't stop talking ..." Beat 'em up, Miss Kelly. Why don't you join Press Club next year. We could really use you and it would be fun. We'll have to get together this summer.
